To one of the sweetest boys I've ever known. Jimmy its certainly been a pleasure knowing you this past year and a half. We sweated out Spanish together and we've had lots of fun. Remember my summer party. Brawl!! Where going to miss you next year but just think I'll be a big senior. (For two years probably) Best of luck in everything and stay the sweet person you are.

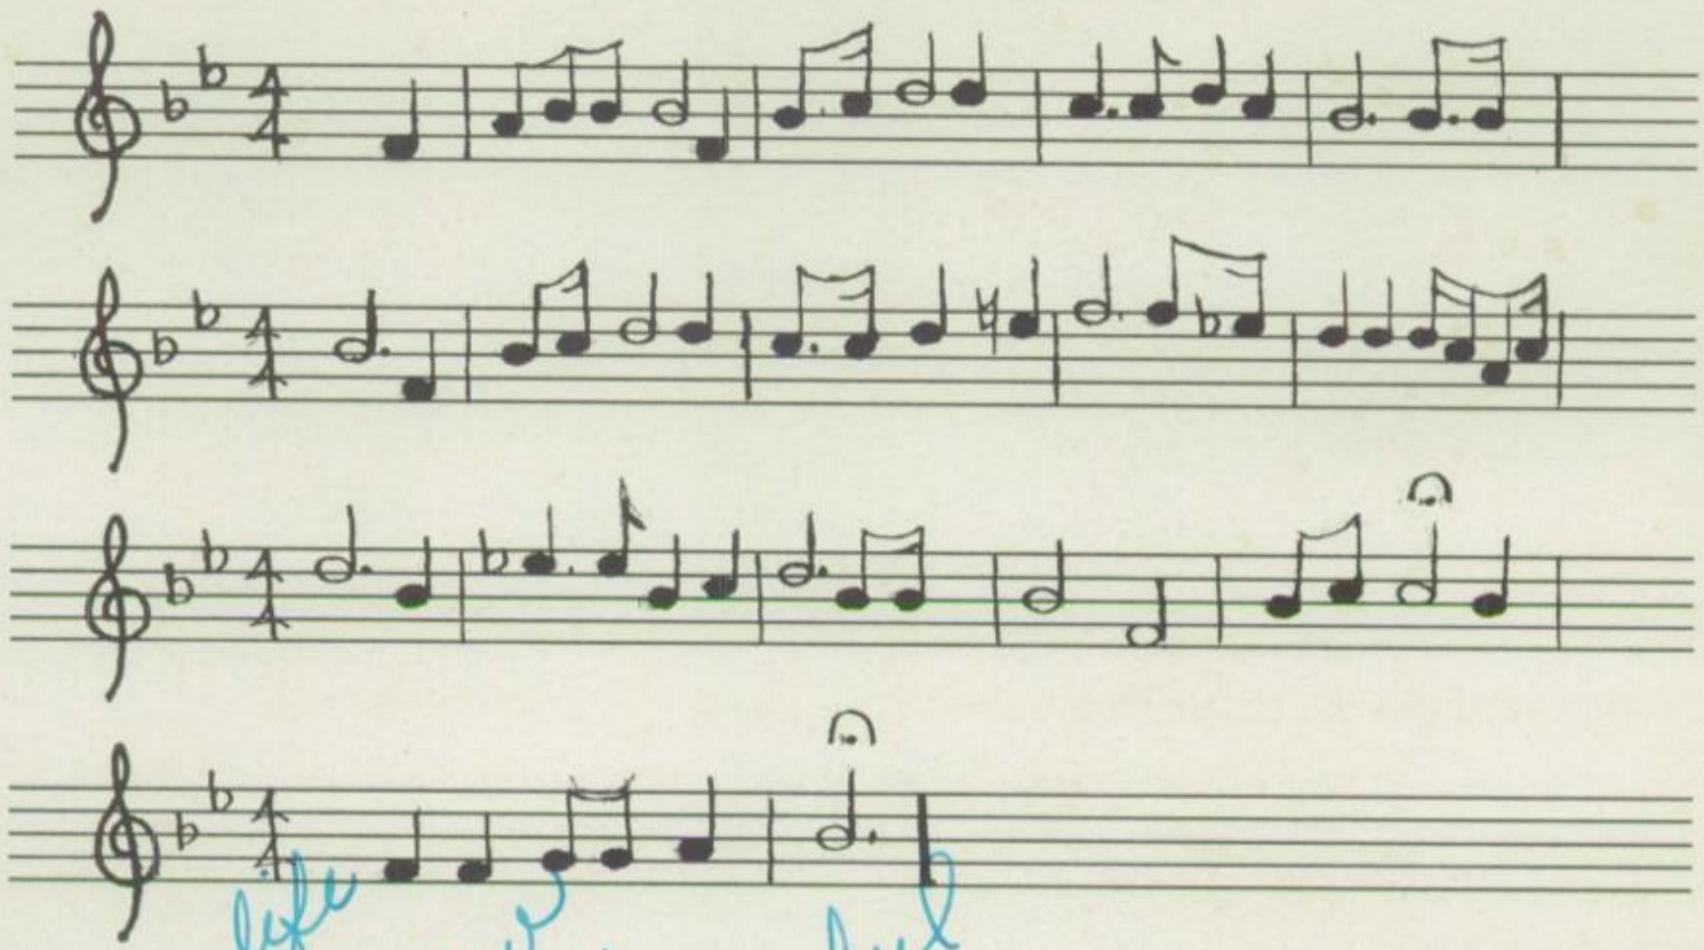

Sincerely,  
Sandy K.

# *Dedication*

COACH W. B. GOURRIER

Dedication means, "to inscribe by way of compliment." We wish to do just that, to compliment a man so deserving of the honor. BRHS is proud of Coach Gourrier. The keynote of his character is to see that BRHS is at the top of the list in sports. Ever since his high school days, Coach Gourrier has been working with athletics in some way; he is a dedicated coach and trainer. His success stems from his kindness, his consideration for others, and his true love for the job he is doing. We all love him not only because he is our coach but also because he is always our friend; he is interested in each one of us personally; he is conscious of the dignity of every individual; and he does all he can to help us at all times. He is a man of high integrity and his ability as a coach is unquestioned. Therefore, it is with great pride that we dedicate the 1958 Fricassee to our own Coach W. B. "Bat" Gourrier.

# *Recognition*

MRS. B. W. PEGUES

Baton Rouge High School has lost one of the most outstanding mathematics teachers in the State with the retirement of Mrs. B. W. Pegues. For the past 31 years, Mrs. Pegues has been a well-known and well-loved member of the BRHS Faculty, teaching both Mathematics and Home Economics.

During her teaching career, Mrs. Pegues has seen many of her students go into successful fields. She has seen them grow and marry, and has had their children in her classroom. She has been with her pupils when they faced difficulties as well as happiness. She has been with them not only literally but also in their hearts for a long time.

This year Mrs. Pegues was compelled to retire because of ill health; this news caused great sorrow at BRHS, but we know that in the long run this much needed vacation is the best thing for her.

Baton Rouge High School will miss the familiar sight of Mrs. Pegues and of her lovely flower arrangements in the office and elsewhere in the building, but she has left a deep and lasting impression upon its heart.

LOUISIANA BELLES

Louisiana Belles, the BRHS Vocal Ensemble, accepted an invitation to entertain the International Convention of Odd Fellows in Miami, Florida. The group left on September 14, 1957, traveling by Bus, and chaperoned by Miss Emily Moore. They stopped in Silver Springs, Cypress Gardens, and at the Singing Towers. At the banquet for the Convention they gave a fine performance under the direction of Mrs. Audie Moffett. The program was nationally televised. The group arrived in Baton Rouge on September 27, after having spent a week they would never forget.

# *Our Exchange Student*

TRYGVE ROED LARSEN

Trygve Roed Larsen is the first of BRHS's exchange students, and one of the first in the South. Brought to the U.S. by the Key Club and Downtown Kiwanis, Trygve is a participant in the foreign exchange program of the American Field Service of New York. He is one of 79 Norwegian students in America this year under the international scholarship program.

Trygve, a brilliant scholar, a pleasing personality, and a modest gentleman, fitted very well into the BRHS scene. Many students have come to know "Trig" personally, and none has been without great benefit from the experience. Trig has become a real part of BRHS, her clubs, her social life, her student government, and most important . . . her student body. Seen at football games, in class, at dances, in the corridors, and in every avenue of life at BRHS, Trygve is a typical student. This is the way it should be, and this is the way he will get a true impression of our school and our country . . . to the mutual benefit of all.

"I think BRHS is great. I believe that the American schools don't put too much emphasis on theoretical knowledge, but they teach the students to adjust themselves into their society."

# *Class Will*

We, the Senior Class of 1958, being of unsound mind and body, bequeath to our successors what little we have left of the things that count (we have never learned to count). These things we value because they made us what we are today, (what we are we don't know), but we're generous and we want to leave something to you. Equipped thus, you should go far, at least farther than you are now. It is our hope that you will remember us as your gracious, kind, thoughtful, considerate, ever-loving friends and fellow strugglers.

To Mr. Burge and Mr. Davis we leave a brand new set of rules and regulations and a system of such efficiency that nothing will go wrong next year . . . also our appreciation for putting up with us.

To the new Seniors we leave the best year of their high school life.

To Mrs. Longsdorf we leave the "one" student we found who enjoys College Board Exams.

To Mrs. Rhys we will all conscientious office workers.

To Mrs. Hall we leave a fool-proof method of catching skippers and ten new phones.

# *Class Prophecy*

Now that the moon  
Is a civilized planet,  
A rocket can take us there  
Or can it?

We'll give it a try;  
We're a mighty daring crew,  
We'll see if the Moon  
Is really green, brown, or blue.

"We" consists entirely  
Of the '58 Class;  
Look out, Moon!  
You're in for a blast.

Here comes Professor Bardwell  
Who looks awfully cute,  
He'll make a big splash  
In his Daddy's zoot suit.

Don Smith, the mechanic,  
Is getting the score  
From our chief rocket pilot,  
Who else, Henson Moore.

The airline hostesses,  
Sally, Sue, and Molly,  
Make last minute checks,  
No time for folly.

And here comes the Richards,  
Cliff and Martha, by name;  
Along with Farmer Barnum,  
He and "Ceeb" are the same.

Musically-minded  
"The Star-lighters Three"  
Are Ralph Newell, Maurine Mullin,  
And Jeannette Lowery.

Their accompanist, Jan Bethea,  
Comes along for the ride;  
And here's ole Wayne Williams,  
He's already retired.

Cara Lu and Chuck  
Brought their easels today;  
To paint everything  
That they see on the way.

The moon has mountains;  
We hope it has seas,  
'Cause Mary Scott and Shirley Webb  
Brought their water skis.

The reporters and authors,  
Bobette Cohn and Gwen McLin,  
Are here with Crawford,  
And Winans, the cameramen.

There's Aleene Perkins,  
Along with husband Gene,  
And Ada Marie Provost,  
Hollywood Star, is on the scene.

The Harrises, and Wooldridge  
Will promote quite a squall;  
While teaching the Moon-men  
How to play football.

Another hard task,  
No easier on the "sole"  
Is for Tommy and Charlaine  
To teach 'um Rock and Roll.

The Mascaras, Croissants, and Basses  
Are apparently in the dark;  
This here's a Rocket ship  
And not Noah's Ark.

We need someone to interpret  
The speech of the Moon-men;  
So we brought along the intelligent  
Professor Trygve Larsen.

Steigler, Toups, and Robinson  
Of basketball fame;  
Plan to teach all Moon-boys  
Their own beloved game.

My! look at the Irishmen,  
McClesky, McGehee, McCrory,  
McMillan, McLavy, McGurk,  
And also McCully.

There's lawyers to settle all matters . . .  
Or try it;  
They're Badon, Bagley, Bowling,  
Dupuy and Wyatt.

Doctors Winston, Lannie,  
Willard and Hugh,  
Compose what is known  
As the Medicine Men Crew.

The Patricia Stevens' Girls  
Jeanne, Carmen, and Pat  
Will teach the Moon Girls  
How not to get fat.

The Phillipses, Johnsons,  
Thomases and Whites  
Stephenses, Davidsons,  
And Smiths are on site.

These persistent politicians  
D'Armond and Clay  
Are already planning  
Their campaigns in May.

Here come the Cutters  
Jo Ann, Johnny and five;  
Whose personalities and charm  
Will make the Moon alive.

Julie, Donna, Margaret,  
Celia and June  
Are taking their ice-capade  
Way up to the Moon.

Savage and Stover  
And Hampton are three  
Whose talents are linked  
With the ship's bakery.

And we cannot leave  
The Chief Chef in the shade  
He's none other than  
Monsieur Barney McDade.

Diane, B. K., and Roslyn  
Leave dear Ole L.S.U.  
To be frat-house Mothers  
Of Moon-Sigma-Nu.

There's our great fire-chief  
Domma, of course,  
And Inspector Matthews  
Of the Planet Police Force.

Dunham and Dupuy,  
Steiner and Schudmak  
Will hold drama classes  
On "Just How to Act."

The socialites, Carlisle,  
Ziegler and Mixon,  
Are accompanied by fashion experts,  
Pedarre and Dixon.

Insurance salesmen Dodwell,  
Lewis and Heck,  
Review their sales talks  
To each Moon-man prospect.

Now we can't deny  
That we greatly need the aid  
Of Terrebonne and Mittendorf,  
Engineers by trade.

Beauticians Cliver, Darouse,  
Oubre, and Shay  
Will demonstrate the latest hair styles  
Of the day.

Here's Hansen and Hechendel  
Scott and LaCroy  
Figure and Physique advisors  
To every girl and boy.

The three Robins,  
Cotton, Stuart, and Robb  
Will redecorate the ship  
With Emma Lou Schwab.

And here's Mitchell, the strong man,  
With the happy belt salesman.  
Quite a profitable business,  
Eh, Joe Joe Nolan?

Meeks, Harrison, and Seese  
Each a brilliant secretary  
Are with Treasury men  
Williamson, Swayze, and Sweeney.

Marketeers Faulkner, Forbes,  
Forgey and Forman  
Sell fresh Fortier Foul  
For fine, fortunate fieldmen.

We're ready to go.  
Has the Army Intelligence come?  
Yes, here they are now,  
WACS Yost, Gaar, and Houston.

Come on, Ann and Nancy,  
The zero hour is near,  
Kiss your dog good-bye and . . .  
O.K., bring her here.

Now then, Mr. Terry,  
Since you're in command,  
Are we ready for the take-off  
From our great country land?

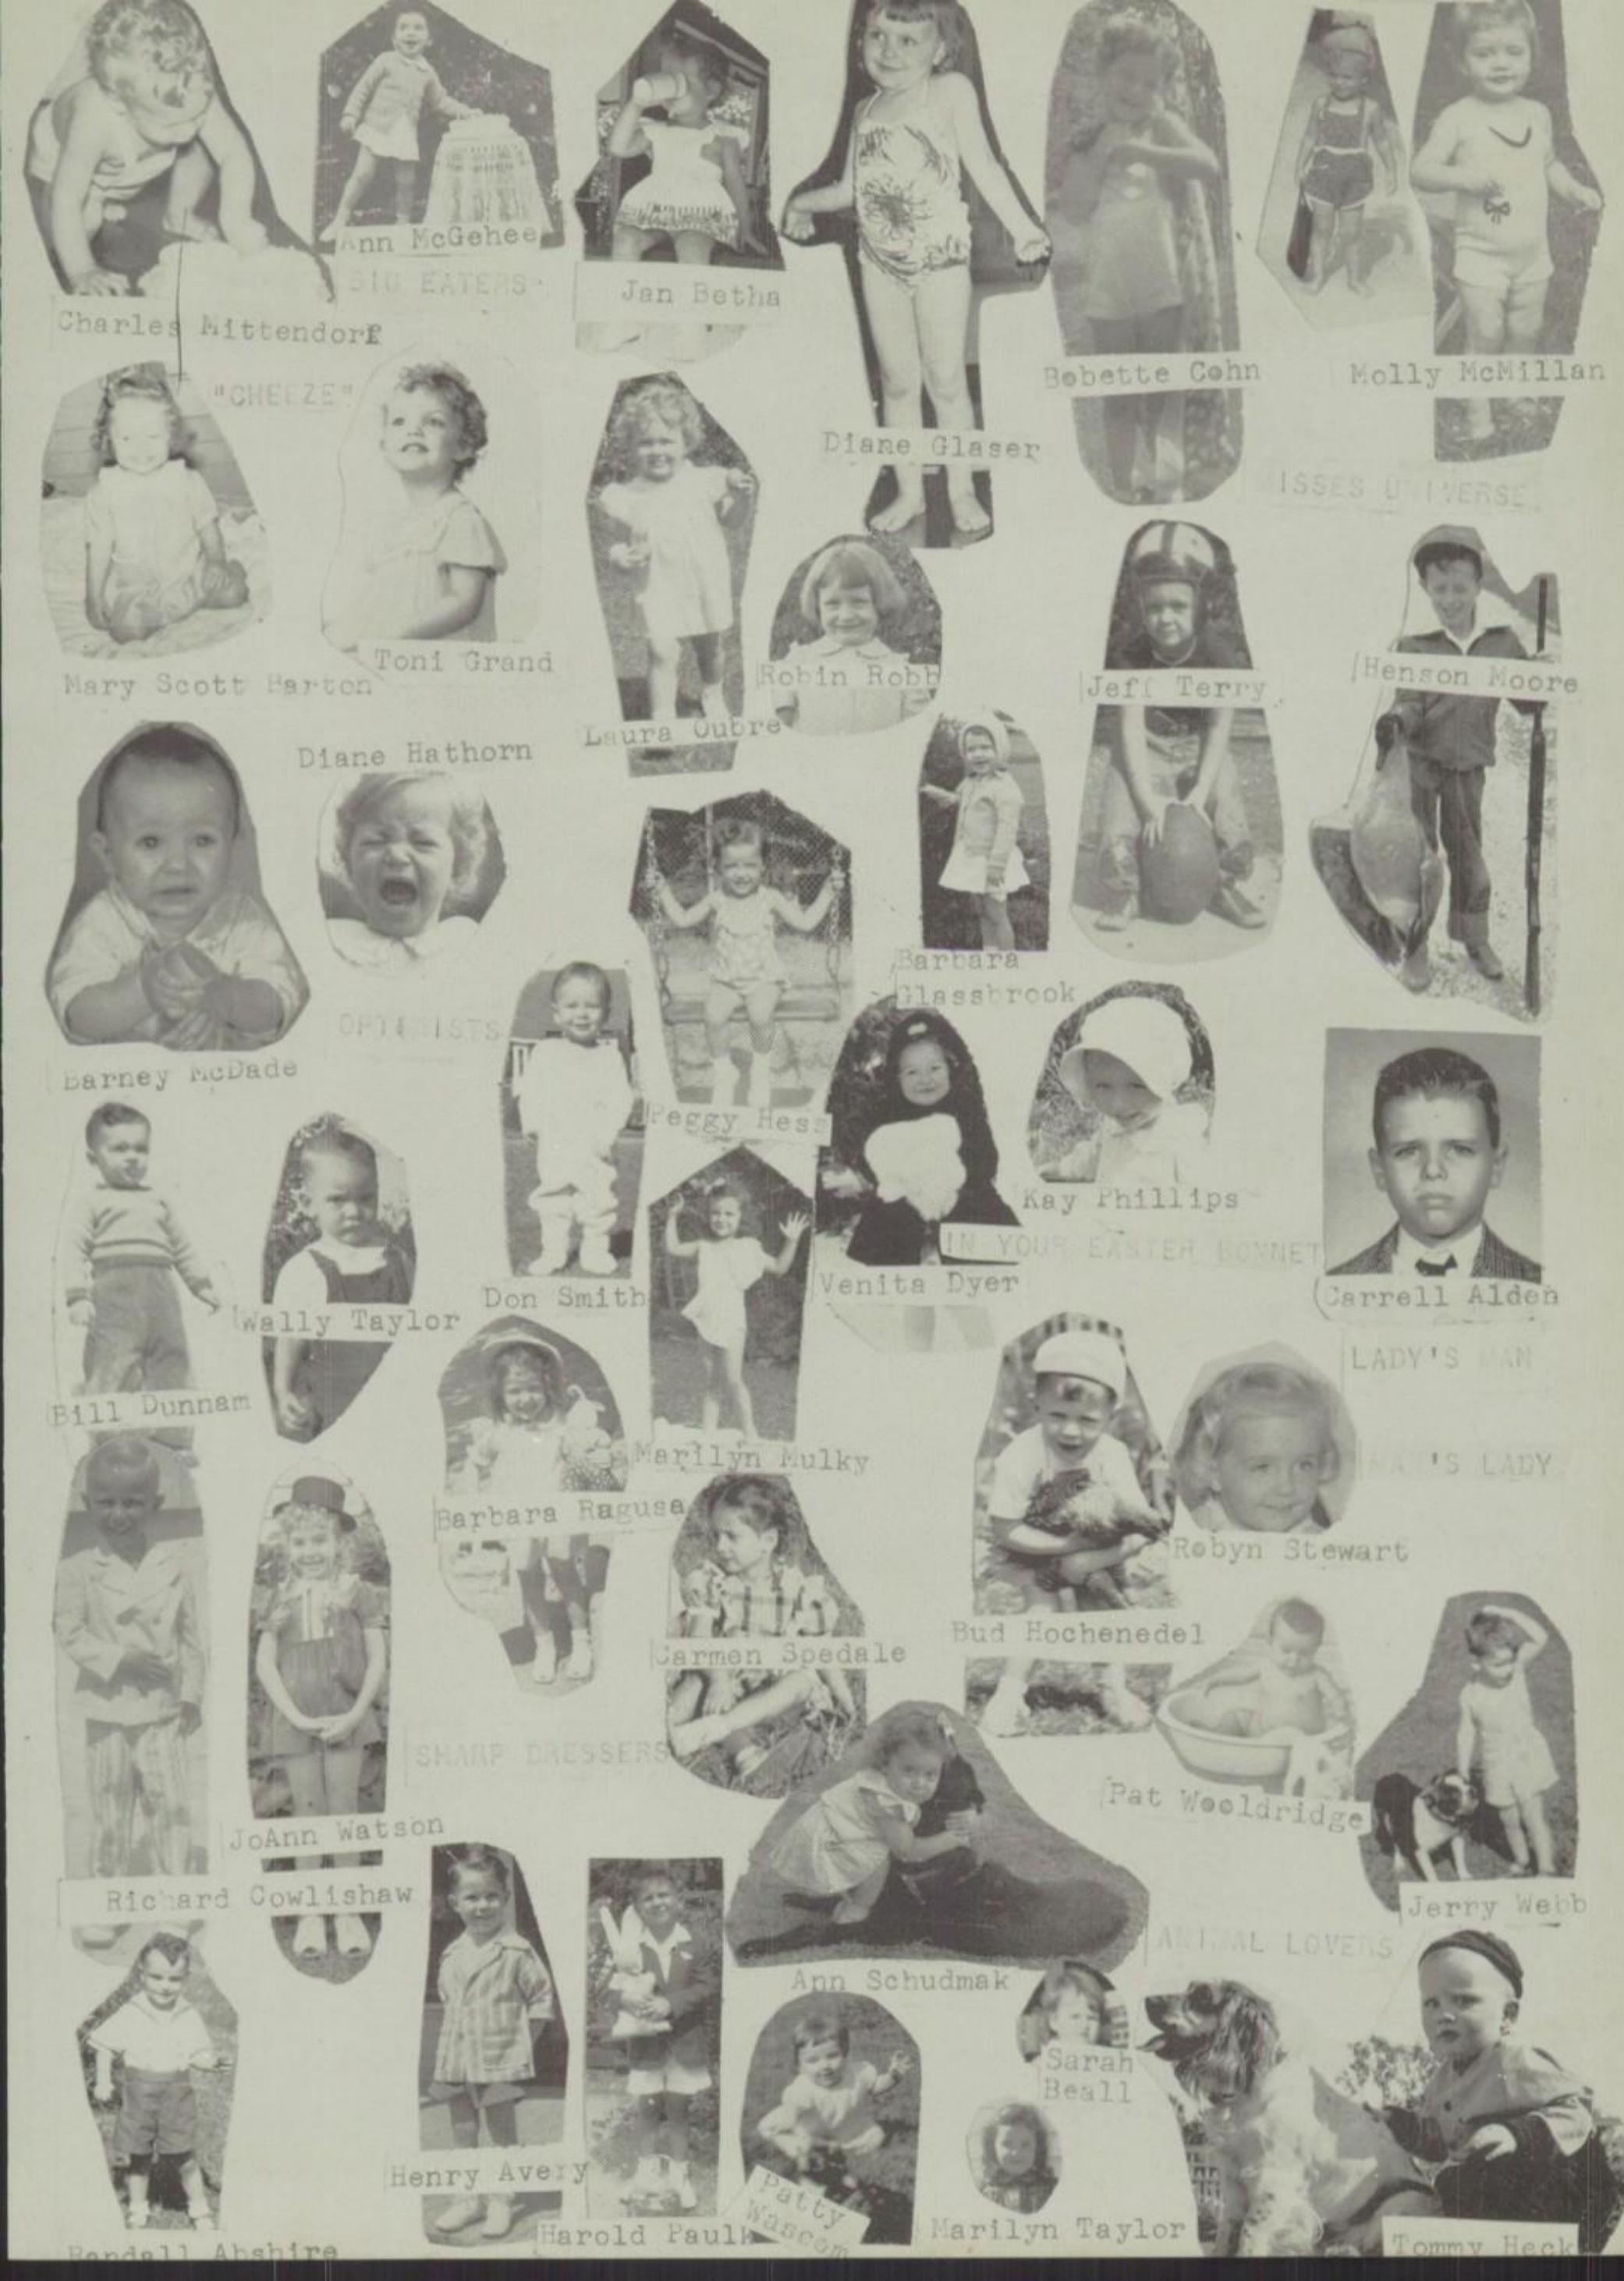

The signal is given  
Six, five, four, three, two, one;  
We're off into space,  
Like the shot of a gun.

Our green and gold rocket  
Shows we're faithful as ever;  
We're leaving our world  
To return maybe never.

But we remember clearly,  
As we fade into the sky,  
We will always raise our standards  
For dear old Baton Rouge High.

You look simply fearful!

# *Our Mascot*

BUTCH II

Butch II, our mascot, is registered in the American Kennel Club. He is ideally symbolic of Baton Rouge High in that he is, in all respects, the best. Butch II was born on May 21, 1957. When he was just a little under two months old, he was bought by the students of BRHS with money contributed by the student body. Butch II cost \$100.00.

With eighteen international champions in his bloodline, Butch was truly born a champion. His sire was Little Abner of Edgewood, and his dam was Sally Penelope. His grandsire on his father's side was Champion Alexander's Georgeous George. His grandsire on his mother's side was Charles Morovian. He's a mainstay and an international champion imported from England. The breeder of Butch was Randall Williams from near Baton Rouge.

Without a doubt, Butch II will prove to be a truly great mascot for BRHS. We of the 1957-58 student body are indeed fortunate, for as Butch builds the tradition that he will be, we will be able to look back with pride at this tradition, this legend, that we shall have had a hand in building.

We take great pride, therefore, to dedicate the sports section of the FRICASSEE to BUTCH II.

Jimmy,  
To the greatest guy I have ever met. You are truly my best boy friend. I hope we had so much fun in our classes together. I can talk so freely to you about anything. Thanks, for all the times you listened to my problems. We've been through six years in the same "salt mines of lower sloboria", but lets forget you. Why don't you come to S.L.C. then we can odd it more years to the last. Sure wish our plans through but maybe another time. Remember me. Lots of luck because you deserve the best. Love you, John

Jim,

Well, our senior year is over and I just  
don't see how we're going to stand  
missing a certain loss every day at  
lunchtime! Seriously, I want to wish  
you loads of luck + happiness for  
the future. Be cool. I . . .

To one of my closest friends -  
Jim, you are really one  
person who will amount  
to something in life. You  
possess many good qualities,  
and fortitude than I believed  
any one person could have.  
& hope our plan of  
strategy for a "hellenising" summer  
will be able to make the  
rest of scene together in the fall.
